

# DAVID G. DICKSON

Project Manager

## KEY QUALIFICATIONS

David Dickson has over 28 years of experience in public agency management, community development, public finance, and community-based planning. He has an extensive and successful track record in generating local resources to address important local infrastructure needs, particularly in the area of flood protection. His public agency work has included positions as Chief Financial Officer of the Napa County Flood Control and Water Conservation District, Project Manager for the Napa River Multi-objective Floodplain Management Plan and Community Development Director for the Napa County Administrator's Office. Mr. Dickson is also a national and international consultant to the Federal Emergency Management Agency (FEMA), Environmental Protection Agency (EPA), and The U. S Army Corps of Engineers, City of Boise and the University of Idaho, in the areas of watershed management, restoration, disaster resistance, and financial planning.

## Relevant Experience
